1. Statutory Obligations

Oconnor-Wilkins has met all reporting obligations under the Mining Act for the Coal tenements.
Rent and rates payments are up to date as of the reporting period.

2. Occupational Health and Safety (OHS)

The Lost Time Injury Frequency Rate (LTIFR) for the North Allisonside Mine site is 3.00.
Safety audits identified three minor non-conformances which have since been closed out.

3. Permit and License Register

Environmental Protection License (EPL) #4029 remains active.

Water extraction volumes for Coal leaching were within the 296ML allocation.
